"Faith and Hope: Our American Land"

Sometimes we forget our nation truly is made up of people in small and large towns who care deeply about values, about helping our men and women in uniform, about sharing -- even when they themselves have little. In this presentation, we will travel across this great country and visit the towns where volunteering still matters, we will meet people who make a difference and we will do it on motorcycles with thousands of veterans as they make their way to the war memorials in Washington, D.C.

Reservations/payments must be received by January 19, no payments/walk-in's at the door, thank you
